

## REGISTER EARLY

This Continuing Education program sponsored by Sterile Processing University, LLC. (SPU). Established in 2006, SPU is a consulting, education and training company. It offers on-line textbooks, approved Continuing Education courses and on-line Sterile Processing Technician and Ambulatory Surgery Sterile Processing Technician courses. The website is: [www.SPDCEUS.com](http://www.SPDCEUS.com).

Sterile Processing University was established to develop and administer sterile processing training programs, Continuing Education and consultation services for Central Service, SPD, OR, Ambulatory Surgery, GI/Endo, Physician and Dental office personnel.

All SPU faculty members are credentialed in their profession and have extensive experience in teaching, lecturing and have been published numerous times.

### Objectives of Program:

- To discuss the most recent changes to AAMI standards for steam sterilization
- To identify various packaging materials and methods
- To review the recommended packaging systems for various sterilization processes
- To identify key factors in manufacturer's instructions
- To discuss a recall protocol
- To identify best practices for processing endoscopic instruments
